RE: Letter of Concern
License No. 2245, Case No. 2896

Dear Dr. Rosenberg:

At its meeting on January 18, 2003, the Board of Osteopathic Examiners in Medicine and Surgery conducted an investigative hearing on the above-referenced complaint in which you are named.

Based on the information available and discussion with you, the Board duly voted to issue you a **LETTER OF CONCERN** regarding the allegation that you violated A.R.S. § 32-1854 (6), (21), and (36); in that you failed to obtain adequate informed consent from the patient regarding use of the Yag laser, that documentation of the initial evaluation of the patient was inadequate, and that you did not see the patient during the course of nine treatments done by assistants.

Please note that this is an advisory letter notifying you that, while there is insufficient evidence to support direction action against your license, the Board does believe your conduct in this matter is of some concern and wishes to bring this to your attention. A Letter of Concern is a public document and may be cited in future disciplinary actions against you.

Sincerely,

Elaine LeTarte

Acting Executive Director
